Institute for Research Excellence In Learning Science

National Taiwan Normal University, with the support of the National Science Council, established an Institute for Research Excellence in Learning Sciences (IRELS) in collaboration with Pennsylvania State University in 2013. In 2018, the IRELS received funding from The Featured Areas Research Center Program within the framework of the Higher Education Sprout Project by the Ministry of Education and secured second-phase funding in 2023.

in with international trends in educational research, national policies, and societal
ring, collective knowledge, and sustainability (OSaCKs), the IRELS endeavors to
and worldwide. Leveraging the university's interdisciplinary expertise in
ence, and special education, the IRELS integrates cutting-edge research in
educational big data, and educational neuroscience. This holistic approach fosters
reinforcing research methodologies. The IRELS aims to become the premier
owned paradigm for teacher education, and achieve sustainable development
