Production

## OUR PORTFOLIO

### ABOUT US

The School of Architecture and Built Environment (SABE) works to constantly gear and motivate students towards a complete architecture experience that leads them to attain a sensitive heart and mind towards the world they live in.

### TESTIMONIALS

"UCSI is a place with wonderful memories. Graduating from the School of Architecture and Built Environment, all the sleepless nights, restless days for crit sessions transformed us into resilient people able to cope with stressful situations."

**Betty Ting**  
Degree in Architecture, Class of 2012

[READ MORE](#)

"The process of acquiring the professional qualification requires our full commitment to capture the full range of competencies. It is a long journey, and along the way we received community contribution in the form of feedback and resource support."

**Ar Phyllis Wong**  
Degree in Architecture, Class of 2012

[READ MORE](#)

"Studying in UCSI changed my perspectives towards architecture. The school not only focuses in the transfer of knowledge but exposes us to various aspect of architecture via workshops and community projects."

**Ar Tan Kwon Chong**  
Degree in Architecture, Class of 2013
