

WELCOME TO PERI !

The Prodia Education and Research Institute (PERI) was founded on July 14, 2006. Since then, PERI commits to the pursuit of excellence in medical science and health. PERI with its missions has provided research grants, workshops, trainings, seminars and scholarships. PERI has also published The Indonesian Biomedical Journal (IaBJ) that contains original research and review articles covering all aspects of biomedical sciences. In addition, PERI has supported research on various topics.
