Introduction

Universiti Antarabangsa MAIWP (UniMAIWP) is wholly owned by Majlis Agama Islam Wilayah Persekutuan under the Prime Minister's Department of Malaysia. The institution traces its origins back to 1993, when it was established as a Nursing School under Pusat Rawatan Islam Sdn. Bhd., now known as Hospital Pusrawi. At its inception, the institution's primary role was to train clinical assistants and nursing aides.

In 2003, the institution was officially registered as Kolej Kejururawatan Pusrawi and initially offered only the Diploma in Nursing Sciences programme for SPM graduates. In 2010, a new management team was appointed to transform the institution's overall direction and operational landscape.

Translate »

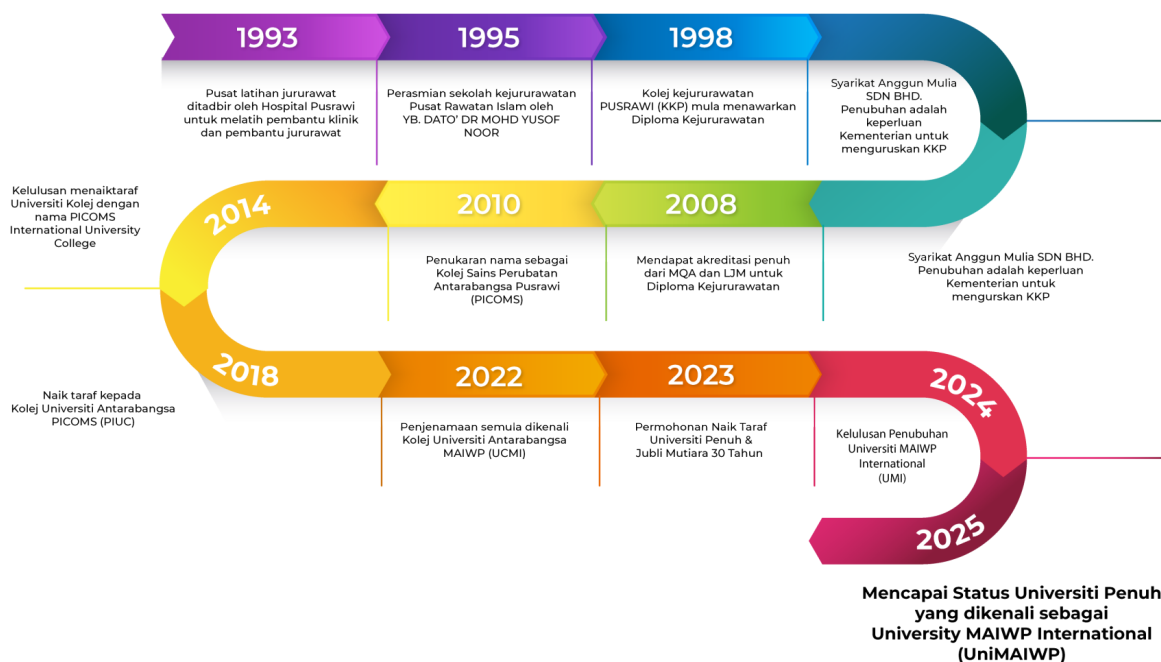

The first strategic initiative undertaken was a comprehensive rebranding exercise in October 2010, during which the institution was renamed Pusrawi International College of Medical Sciences (PICOMS). From offering only a single academic programme in 2010, UniMAIWP has since expanded significantly and now offers 36 programmes : Foundation, Diploma, Bachelor's, Master's, and Doctoral levels. All programmes are accredited by the Malaysian Qualifications Agency (MQA) and licensed under Ministry of Higher Education Malaysia (KPT).

The institution achieved a significant milestone on 13 April 2018 when it was granted University College status. Subsequently, in December 2025, it was elevated to full university status and officially renamed Universiti Antarabangsa MAIWP. Today, the university is widely recognised nationwide, with nearly 4,000 active students and more than 10,000 alumni serving across various professional sectors both locally and internationally.

Guided by the nation's educational aspirations and strategic direction, UniMAIWP is entering a new era of higher education while exploring the potential establishment of a Waqf University in alignment with the aspirations of the current leadership. To support this vision, the university's Islamic Centre has strengthened its role through the establishment of the Waqf and Endowment Trust Fund (TAWFEQ), which functions as a systematic and sustainable mechanism for the management and expansion of waqf and endowment funds.

UniMAIWP firmly believes that empowering asnaf communities through quality education enables them to improve their family economies, enhance their quality of life, and ultimately contribute meaningfully to national development. The university also provides a platform for the wider community to invest in sustainable charitable contributions while reducing dependency on government financial assistance.
