

HISTORY OF THE ASSOCIATION OF HIGHER EDUCATION PROVIDERS OF PGRI (PPLP-PT PGRI) JOMBANG

The history of PPLP PT PGRI Jombang has gone through several quite long processes. This is due to the development of the institutions under its management or due to changes in regulations or laws that govern and must be implemented.

1. The establishment of the East Java PGRI Teachers' Training College, Jombang Coordinator

On the initiative of several members of the East Java xPGRI, on November 13, 1975, the East Java PGRI Educational Institution Development Foundation (YPLP) was established, which was established by notarial deed Anwar Muhayudin, SH, Number 44 dated November 13, 1975. Furthermore, as a realization of the foundation's activities, the Teacher Training and Education Institute (IKIP PGRI East Java) was established in Surabaya.

Seeing the fact that Surabaya could establish a private higher education institution, encouraged several members of the Jombang PGRI to hold informal discussions about the possibility of establishing a university in Jombang. To realize this idea, on January 10, 1976, Drs. H. Soediyono invited people who had been contacted and supported the idea, to the residence of Mr. Drs. H. Soedijono, Tawang Sari Jombang.

The parties are: Mr. SOEWITO; Mr. Drs. HADI MURDIANTO; Mr. NATUWAR, SH; Mr. ASMOERI, BA, Mr. MOELYADI ELLY KUSUMA., Mr. Drs. SARDJITO; Mr. Drs. JUPRI ADINATA.

For the first time, the departments that will be established are:

- a. Department of Education with General Education Study Program.
- b. Department of Business Education with Cooperative Economics Education Study Program.

Application for operational permit to the Minister of Education and Culture of the Republic of Indonesia through KOPERTIS VII Surabaya. While waiting for the establishment permit from the Minister of Education and Culture, Kopertis VII issued an operational permit with Decree Number: 85a/I/1976 dated May 17, 1976, on the basis of the operational permit IKIP PGRI East Java gave the position to IKIP Jombang as IKIP PGRI Coordinator Jombang. In 1981 the Decree of the Minister of Education and Culture of the Republic of Indonesia Number 039/O/1981 dated January 22, 1981, the two departments were given the status of **"Registered"** with the level of **"Bachelor"**.

In 1982/1983, IKIP PGRI East Java, Jombang Coordinator, opened a new department, namely: Pancasila Moral Education and Citizenship (PMP & KN) with operational permit

from Kopertis VII SK No. 158/Q/1984 dated May 29, 1984 with the status/level of Diploma 3 (D3) Program.

2. Establishment of the PGRI Jombang Higher Education Institution Development Foundation

IKIP PGRI East Java, Jombang Coordinator, with the addition of existing departments, continued to operate until 1985. With the issuance of the Decree of the Minister of Education and Culture of the Republic of Indonesia number 070/0/1985 dated February 18, 1985, institutionally it experienced changes because it had to separate from IKIP PGRI East Java, and had to stand alone, under the guidance of one Foundation.

In response to the existing regulations, the Founder/Pioneer together with the Jombang PGRI branch management took the decision; to continue the establishment of the existing college, and to establish the Teacher Training and Education College (STKIP); and to establish a foundation to run the college.

Through Notary Linda Puspitadewi, SH Jombang, the Foundation was established with a deed dated June 1, 1985 number 1, which was given the name: "THE FOUNDATION FOR THE SUPERVISION OF THE HIGHER EDUCATION INSTITUTION OF THE REPUBLIC OF INDONESIA TEACHERS' ASSOCIATION OF JOMBANG, abbreviated as YPLPPT PGRI Jb".

Further developments in the General Education Study Program, due to the students not meeting the requirements, were forced to close (not accepting new students). Instead, they proposed to Kopertis to open new study programs, namely: 1) Mathematics Education Study Program; 2) Indonesian Language and Literature Education Study Program. Both with S-1 programs, 3) Building Engineering Education Study Program. with DIII program.

With the addition of these new majors, YPLP PT PGRI Jombang manages the Teacher Training and Education College (STKIP) with the following majors:

I. Undergraduate Program

1. Department of Social Sciences Education with Study Programs:

- a. Business World / Cooperative Education,
- b. Pancasila Moral Education and Citizenship (PMP KN).

2. Department of Mathematics and Natural Sciences Education, Mathematics Education Program.

3. Department of Language and Arts Education, Indonesian Language and Literature Education Program.

II. Diploma III Program

1. Department of Technology and Vocational Education, Building Engineering Education Program.

Based on the Decree of the Minister of Education and Culture No. 350/0/1987 dated January 20, 1987, all of these departments were given "**Registered**" status. To upgrade the status from "**Registered**" to "**Recognized**", in 1992 YPLP PT PGRI Jombang submitted a request for a review of the department's status.

- a. Mathematics Education Study Program
- b. Business/Cooperative Education Study Program
- c. Pancasila Moral Education and Citizenship Study Program
- d. Indonesian Language and Literature Education Study Program.

Based on the recommendation of Kopertis VII in Surabaya number 4370/Kop.VII/0/1992 dated October 12, 1992 and the assessment results of the Director General of Higher Education, Ministry of Education and Culture of the Republic of Indonesia in December 1992. The Decree of the Director General of Higher Education, Ministry of Education and Culture of the Republic of Indonesia number 32/Dikti/Kep/1993 dated January 21, 1993 was issued, which gave the status of "**Recognized**" for the S1 level with the following majors:

- a. Department of Mathematics and Natural Sciences Education Study Program of Mathematics Education.
- b. Department of Social Sciences Education, Business World Education Study Program.
- c. Department of Language and Literature Education, Indonesian Language Education Study Program.

In 1996, the registered status of the English Language and Arts Education Department, based on the Kopertis VII Recommendation number 2879/004/KL/1996 dated October 1, 1996 and the Assessment Results of the Directorate General of Higher Education in November 1996, the "Registered" status of the English Language and Arts Education Department was extended for 5 (five) years.

STKIP PGRI Jombang has organized 6 Study Programs, namely:

1. Economic Education
2. Pancasila and Citizenship Education
3. Mathematics Education
4. Indonesian Language and Literature Education
5. English Education
6. Physical Education and Health

with "Accredited" status in each department. In its development, STKIP PGRI Jombang will open a Postgraduate Program, which is currently in the process of applying for an Operational Permit to the Directorate General of Higher Education.

VISION & MISSION OF STKIP PGRI JOMBANG

Vision:

"By 2020, we will become a leading higher education institution capable of producing graduates who are responsive and open to societal changes, have a willingness to continue learning, play an active role in improving the quality of Indonesia's human resources, and have a national perspective based on Pancasila."

Mission:

1. Organizing education to prepare students as future professional educators who are willing and able to follow developments in science and technology, especially science and technology in the field of education;
2. Equipping students with knowledge, skills, and non-teaching abilities that interest them; to guide students to position themselves as resilient and highly sensitive prospective entrepreneurs;
3. Developing a research culture, both among lecturers and students, so that they are able to take on the role of continuously updating various knowledge and skills in the field of educational science and other scientific fields; (4) Establishing cooperation with other institutions in order to apply science and technology in the field of education, as well as other scientific fields;
4. Establishing cooperation with other educational institutions and with the business world in order to implement research results;
5. Utilizing various resources available in the institution to support the implementation of development, especially in the field of education at the local, regional and national levels.

Study program

1. Economic Education
