

Company Profile

About EMLIKU

Founded in 2019 by Kuo Fang Jen a.k.a Mr. Fred Kuo, joined by the shareholders of Techmation, Nahdlatul Ulama and Taiwan Xiandai. EMLIKU is a leading developer and integration of educational technology and visual collaboration solutions. EMLIKU is a System Integrator service provider company that collaborates with official representative institutions of Taiwan III and also Providence University Taiwan which provides Online Learning-based Mandarin learning services in Indonesia. Our company provides STEAM learning technology (science, technology, engineering, art, and mathematics), Hybrid Classroom, Hybrid conference/Meeting Room, LiveABC Digital English Learning Platform, Online Mandarin Course, Robotic, Smart Agriculture and Smart Medical. Our Smart Classroom is currently installed in several universities in Indonesia such as Trisakti University, Jakarta State Polytechnic, Sahid Polytechnic Roxy Campus, Sahid Postgraduate University and NU Cirebon University.

Innovative Market Leader

EMLIKU headquarters is located in New Taipei City, Taiwan. We currently employ nearly 500 people across the globe, with professional research & development staff representing 30% of our worldwide workforce. We and Taiwan III(Institute for Information Industry) setup up the first smart classroom in Trisakti University of Indonesia. Now we are on going to build up another smart classroom & smart conference. EMLIKU has become a successful creator of smart solutions by satisfying clients through technological innovation and excellent quality.
