

Putra Business School (PBS) is a leading business school accredited by AACSB and ABEST21. All of our programmes are accredited by MQA.

WHAT OUR STUDENTS SAY

The lecturers and management staffs are very supportive and experienced. The facilities are well coordinated and the learning schedules are very flexible and convenient.

Wan Muhammad Afifuddin Bin Wan Akashah
MBA, Putra Business School

The modular-based programme focusing on marketing and leadership skills and the lectures conducted on weekends perfectly meet my needs. My journey in PBS has been truly remarkable and fruitfulness.

Kew Kai Li
MBA, Putra Business School

PBS was certainly the right choice, as its industry-oriented MBA programme fit my needs perfectly. I was pleasantly surprised to be taught by accomplished industry experts whose teachings and case studies were applicable to my current work projects. I was particularly intrigued by the concept of Human Governance, which was completely new to me. Its value-based framework to "nurture human leaders" has completely refreshed my perspective of leadership in business.

Syafiq Gerard Nathan bin Abdullah
MBA, Putra Business School
