

Implementation of Agreement for Academic Cooperation in Chemistry Education

Between

*Chemistry Education Program, State University of Malang
and Chemistry Education Program, University of Ljubljana*

Dean of Mathematics and Natural Science
Faculty, Universitas Negeri Malang,
Indonesia.

Name: Prof. Dr. Hadi Suwono

E-mail: hadi.suwono.fmipa@um.ac.id

Researcher: Habiddin, Ph.D

E-mail: habiddin_wuni@um.ac.id

Hereinafter referred to as the **First Party**.

Dean Faculty of Education, University of
Ljubljana, Slovenia

Name: Prof. Dr. Janez Vogrinc

E-mail: Janez.Vogrinc@pef.uni-lj.si

Join Researcher: Prof. Iztok Devetak

E-mail: iztok.devetak@pef.uni-lj.si

Hereinafter referred to as the **Second Party**.

Aims and structure of the cooperation

Both parties agree on mutual interests in developing chemistry education teaching and research dealing with Education for Sustainable Development Goals. They commit to establishing a long-term collaboration within preservice chemistry teacher training and chemistry education research project (CHEMEDU). During the first funding phase of PNBP UM (01.04.2022 – 31.12.2023), the two parties agree to

- develop and evaluate educational research in the area of chemistry or other science disciplines under the CHEMEDU Project
- write the research result for submission in a reputable international journal.

The First Party

- organizes the research and other academic activities for supporting the CHEMEDU Project.
- drafts a paper for publication.
- covers the expenses of the CHEMEDU Project, including the publication charge and additional financial costs that suits the Indonesian government regulation of finance – if granted by the Institute for research and Social Service, Universitas Negeri Malang.
- involves contributions of the second party in publications.

The Second Party

- supports the research and other academic activities for the CHEMEDU Project.
- assists the first party in preparing the paper for publication.
